

Pamela M. Rauch

Vice President
External Affairs and Economic Development
Florida Power & Light Company

Pamela Rauch is the vice president of external affairs and economic development for Florida Power & Light Company (FPL), a subsidiary of NextEra Energy, Inc. and one of the largest investor-owned electric utilities in the nation. Ms. Rauch is responsible for local government relations, community engagement and economic development. She has held this position since January 2008.

From 2011-2015, Ms. Rauch's responsibilities also included project development, where she spearheaded development of all new power generation for FPL, including the addition of a natural gas pipeline to serve the state and growing the company's solar generation by installing the first three cost-effective, universal scale solar projects that went online in 2016. Prior to 2008, she served as an associate general counsel for FPL, overseeing the real estate, land use and environmental matters focusing on local government permitting and licensing issues for FPL and development of its unregulated subsidiary's wind portfolio.

Prior to joining FPL in 1999, Ms. Rauch served as assistant and then deputy city attorney for the City of West Palm Beach, where she played a significant role in downtown redevelopment activities in the mid-1990s, including the development of City Place, also known as Rosemary Square. Prior to her role with the City, she was in private practice with Jones, Foster, Johnston & Stubbs and Gunster in West Palm Beach with a concentration on local government and real estate law.

Ms. Rauch is a Board Chair for the Friends of Manatee Lagoon, a Board Member of the Student Aces of Leadership (ACES), a Board Member of the Community Foundation of Palm Beach and Martin Counties, a Board Member of the Loggerhead Marinelifelife Center, a member of the Advisory Council for Keiser University, a member of the Venture Mentoring

Team (VMT), Board Member and Past Chair of the Economic Council of Palm Beach County, Past Chair of Leadership Florida and a member of its Cornerstone Class XXVII, a member of the Orange Bowl Committee, a member of the International Women's Forum, Palm Beach County Chapter, a member of the American Heart Association's Founder's Circle, Past Chair of the Florida Chamber Foundation, Past Chair of Palm Beach County's 2016 Go Red for Women campaign and Past Chair of the Palm Beach Zoo.

Ms. Rauch graduated from Florida State University College of Law with honors and earned her undergraduate degree from the University of North Carolina at Chapel Hill, where she was a varsity athlete and captain of the women's tennis team.

As America's largest electric utility, Florida Power & Light Company serves more customers and sells more power than any other utility, providing clean, affordable, reliable electricity to nearly 5.8 million accounts, or more than 12 million people. FPL operates one of the cleanest power generation fleets in the U.S and in 2022 won the ReliabilityOne® National Reliability Award for the seventh time in the last eight years. The company received the top ranking in the southern U.S. among large electric providers, according to J.D. Power's 2021 Electric Utility Residential Customer Satisfaction StudySM and 2021 Electric Utility Business Customer Satisfaction StudySM. The company was also recognized in 2020 as one of the most trusted U.S. electric utilities by Escalent for the seventh consecutive year. FPL is a subsidiary of Juno Beach, Florida-based NextEra Energy, Inc. (NYSE: NEE), a clean energy company widely recognized for its efforts in sustainability, corporate responsibility, ethics and compliance, and diversity. NextEra Energy is ranked No. 1 in the electric and gas utilities industry in Fortune's 2022 list of "World's Most Admired Companies" and recognized on Fortune's 2021 list of companies that "Change the World." NextEra Energy is also the parent company of NextEra Energy Resources, LLC, which, together with its affiliated entities, is the world's largest generator of renewable energy from the wind and sun and a world leader in battery storage.
